EXPENDITURE ESTIMATES

PREFACE

The 2007 Budget is the first Summary Budget produced by the Government of Manitoba that aligns with the accounting standards set by the Public Sector Accounting Board that require provincial governments to report on the broader definition of government, the Government Reporting Entity (GRE).

While the budget is presented on a summary basis, the structure of the Estimates of Expenditure and Revenue remain unchanged from prior years. Please see the schedules in the 2007 Budget document that provide the reconciliation between the estimates and the summary budget as well as a listing of the entities included in the GRE.

This document is intended to provide additional information to the members of the Legislature in their review of information on the department contained in the Estimates of Expenditure for the fiscal year ending March 31, 2008.

The contents of the Manitoba Justice Estimates Supplement are organized into seven parts. The first part provides an overview of Manitoba Justice's 2007/2008 Estimates of Expenditure. The second part provides detailed financial and staffing information which is presented in the order of the established main appropriations to provide an easy cross-reference to the Printed Main Estimates. Part three provides a five-year historical budget comparison. Part four includes program and financial information relating to special operating agencies. Part five includes program and financial information relating to the Justice Initiatives Fund. Part six contains information relating to the department's capital requirements included in Part B - Estimates of Capital Investment. Part seven includes a standard glossary of terms.

DEPARTMENTAL OVERVIEW

MANITOBA JUSTICE

THE HONOURABLE DAVE CHOMIAK, MINISTER OF JUSTICE AND ATTORNEY GENERAL

RON PEROZZO, Q.C., DEPUTY MINISTER OF JUSTICE AND DEPUTY ATTORNEY GENERAL

Manitoba Justice is responsible for the administration of civil and criminal justice in Manitoba. Key responsibilities flow from provincial legislation such as *The Department of Justice Act*, *The Correctional Services Act*, *The Legal Aid Manitoba Act* and *The Victims' Bill of Rights*. In addition the department has significant delegated responsibility under federal legislation, as a result of the *Constitution Act, 1867*, which includes most notably the *Criminal Code* and the *Youth Criminal Justice Act*. Manitoba Justice is also responsible for the administration and enforcement of over 100 other provincial statutes¹ relating to civil law, court administration, correctional services, regulatory provisions and other matters for which the province assumes legal responsibility.

The vision of Manitoba Justice is a safe, just and peaceful society supported by a justice system that is fair, effective, trusted and understood.

Our mission is to promote a safe, just, and peaceful society by:

- providing a fair and effective prosecution service
- managing offenders in an environment that promotes public safety and rehabilitation
- providing mechanisms for timely and peaceful resolution of civil and criminal matters
- providing legal advice and services to government
- providing programs which assist in protecting and enforcing individual and collective rights
- providing support and assistance to victims of crime
- promoting effective policing and crime prevention initiatives in our communities

We seek to carry out this mission on the basis of the following guiding principles that are critical to the functioning of our democratic society:

- We recognize that in the exercise of our authority we at all times act in trust for the public.
- We accept that our system of justice is based on the rule of law and a respect for the rights of individuals as well as the rights of the community as a whole.
- We seek to promote an open and accessible system of justice that treats all persons fairly and with respect.
- We recognize the diversity in our society and the need to be responsive to that diversity, especially in regards to Aboriginal persons.
- We value communication, co-operation and interdependence and recognize the need to involve government and non-government partners in the development of integrated approaches to the administration of justice in Manitoba and throughout Canada.
- We respect and value the role the public can play in the delivery of justice and in the shaping of our institutions and programs.
- We believe in promoting the individual's responsibility to the larger community.
- We support the development of preventive approaches to problems and the prompt and just resolution of conflicts.

The department's strength comes from its employees. We are committed to building a department that promotes a respectful work environment and that recognizes employees' commitment, performance and achievements. We value personal integrity, leadership, responsibility, participation and teamwork. We encourage outstanding client and community service, initiative and innovation.

To fulfil its role and mission, Manitoba Justice is organized administratively into several distinct functional areas, with finances being voted under six main appropriations: administration and finance (04-1), criminal justice (04-2), civil justice (04-3), corrections (04-4), courts (04-5) and costs related to capital assets (04-6). Each operating division is led by an assistant deputy minister (ADM) or equivalent as illustrated in the organization chart.² A description of the role and responsibilities of each of these divisions is included in Part 2 of the supplement.

¹ Schedule 1 provides the list of statutes administered by the Minister of Justice.

² Schedule 2 presents the department's organization chart.

PART 4
SPECIAL OPERATING AGENCIES

CIVIL LEGAL SERVICES

BACKGROUND

With respect to civil legal matters, the Minister of Justice carries out the role of chief legal advisor to the government through Civil Legal Services (CLS). In the 1992/93 fiscal year, CLS implemented a cost recovery system for legal services. While Manitoba was the first jurisdiction in Canada to have full cost recovery for in-house legal services, other jurisdictions have implemented or are considering moving toward a similar system. The system operates in a fashion similar to billing systems used by private law firms. On April 1, 1995, the branch was approved as a special operating agency.

RESPONSIBILITY

Civil Legal Services is responsible for providing a full range of legal services, on a cost recovery basis, to the provincial government and its agencies, boards, commissions and some Crown corporations. CLS provides services in the areas of Aboriginal law, access to information and privacy law, administrative law, civil litigation, constitutional law, contracts and agreements, conveyancing, corporate and commercial, information technology, international law, legal opinions, legislative review and policy development, and training and education.

MISSION

TO PROVIDE TIMELY, HIGH QUALITY, HELPFUL, EFFICIENT AND COST
EFFECTIVE LEGAL SERVICES THAT MEET THE NEEDS OF ITS CLIENTS

OPERATING PRINCIPLES

- service is customer focused;
- service is cost effective;
- a commitment to the highest standards of service.

SPECIAL OPERATING AGENCY STATUS

Effective April 1, 1995, CLS commenced operation as a Special Operating Agency (SOA). Prior to this conversion, CLS had been operating on a cost recovery basis since 1992/93. The advantages of SOA status, including the flexibility to hire staff as required to provide service levels appropriate to client demand, the ability to carry forward surpluses to subsequent years, the ability to plan on a long-term basis, and the ability to acquire equipment and supplies that support effective operation and promote a good working environment, are all factors which CLS believes will continue to assist it in sustaining the provision of high quality legal services to its clients and in recovering the full cost of its operations.

KEY OBJECTIVES

- Identify better ways to meet clients' needs for legal services;
- Determine effectiveness in meeting clients' needs;
- Improve communication between CLS and its clients and communication within CLS;
- Improve job satisfaction;
- Develop means to assist staff to work as effectively as possible to satisfy changing client needs and to make adjustments to deal with increasing workloads, deadlines, and the pressures of reduced resources;
- Provide cost-effective, high quality services to clients on a full cost recovery basis;
- Identify relevant measurable ways to continue to improve client service and operating effectiveness.

2007/08 KEY TARGETS

(a) Operating Effectiveness

CLS will continue to work with the Advisory Board established under the CLS operating charter to identify relevant, measurable ways to continue to improve CLS service and operating effectiveness.

(b) Operational and Fiscal Management

- to recover the cost of operations;
- to fund any changes or upgrades required to meet the needs of CLS from proceeds of operations;
- to meet, over the year, the average daily billable hour target of 6.0 hours per counsel and the average of 1308 billable hours per year per counsel;
- as directed by Treasury Board, to remit quarterly revenue sharing payments totaling \$200,000 for 2007/08.

(c) Marketing and Client Satisfaction

CLS will continue to meet or will exceed the high level of client satisfaction (92%) indicated in its March 1996 Client Satisfaction Survey, and to that end:

- the Director of CLS will continue to meet with the deputy ministers and/or representatives of its client departments and representatives of its agency and Crown corporation clients to discuss CLS's commitment to providing client-focused, high quality services; the services provided and the benefit of those services to the client, particularly in the area of risk management; the cost-effective nature of the services; and client concerns, needs and issues;
- CLS will continue to use meetings with clients and client comment cards to regularly solicit feedback as to the level of client satisfaction with the services provided by CLS and will continue to address issues raised by clients on an ongoing basis;
- by June 30, 2007, CLS will again review the CLS Service Standards (developed in 1995/96), make any improvements necessary and incorporate changes flowing out of the feedback given by clients through client comment cards and meetings with, and will send the revised Service Standards to CLS clients by September 30, 2007;
- CLS will continue to organize or participate in educational seminars for clients on current legal issues and developments (including risk management issues) relevant to its clients;
- CLS will continue to publish information bulletins (three times per year) to inform its clients on significant legal issues and other matters of interest to its clients.

(d) Human Resources Management

- CLS will focus on the use of its annual staff review process implemented in 1997/98;

- CLS believes that an appropriate level of staffing projected to meet client demand in 2007/08 would be as follows:

Type of Staff	2007/08 Approved		
	Regular	Term	Total
Crown Counsel	31		31
Administrative Assistants	15	6	21
Director	1		1
Administrative Officer	1		1

Total Positions	52	6	58
